

## Dear Future Freshmen,

I am writing to you today for my Foundations of Algebra homework. I want to tell you about my first week at Hinsdale Central...Read closely because I will share:

- Some great tips that I figured out the hard way
- Some things that I have really enjoyed so far are....
- Some struggles I have had and how I overcame them....
- A funny piece of advice
- A practical piece of advice
- Suggestions for how to get involved and in what activities
- How high school differs from middle school so far, the good and the bad...

*Sincerely yours,  
A Current Foundations of Algebra Student*
